Nomination to the EFD Policy Impact Award

Title of research project and/or policy engagement activities:

Name of EFD Research Fellow(s):

Academic affiliations, including EFD center/association:

Postal address:

Email:

Phone:

Summary of the research and/or policy engagement activities conducted and its policy impacts (maximum 2 pages)

[Please briefly describe (if applicable) (i) the research questions, methods, and results; (ii) who the key stakeholders were and how they were involved; (iii) the decisions or policy process that the research and/or policy engagement activities influenced; and (iv) the impact in terms of reduced poverty and/or more sustainable management of the environment and/or natural resources that has been achieved or is likely to be achieved. Explain and document how the research and/or policy engagement activities contributed to the policy impact.]

References to the research and/or policy engagement activities

[List the scientific publications, reports, policy briefs etc that have been published as part of the research process, as well as workshops, committees and other types of policy engagement activities; provide web-links as far as possible.]

References for the policy impact

[List the different types of evidence for policy impact. This may include evidence of media coverage, citations of the research in policy documents or legislation and quotes from policy makers. Please provide contact information of people you quote so we can verify them before using them in EFD publications.]
