Education	
Dates (from – to)	March 2010- June 2014
Name and type of organization providing education and training	University of Twente
Principal subjects/occupational	Economics (Resource and Environmental Economics)
Title of qualification awarded	PhD in Economics The thesis entitled: 'LINKING THE ECONOMY TO THE ECOSYSTEMS: LAND USE CHANGE AND ECOSYSTEM SERVICES VALUATION AT BASIN LEVEL'
Dates (from – to)	April 2005- April 2007
Name and type of organization providing education and training	Addis Ababa University
Principal subjects/occupational	Economics
Title of qualification awarded	MSc in Economics (Natural Resource and Environmental Economics)
Dates (from – to)	September 1997-July 2004
Name and type of organization providing education and training	Addis Ababa University
Principal subjects/occupational	Economics
Title of qualification awarded	BA Degree in Economics
Dates (from – to)	September 1994-July 1997
Name and type of organization providing education and training	Addis Ababa University, Addis Ababa Commercial College
Principal subjects/occupational skills covered	Banking and Finance
Title of qualification awarded	Advanced Diploma in Banking and Finance
CURRENT WORK EXPERIENCE	
Dates (from – to)	August 2014-
Name and address of employer	Environment and Climate Research Center (ECRC)/ Policy Studies Institute (PSI)
Type of business or sector	Research and Development Institute
Occupation or position held	Research Fellow and Consultant
World Bank	Short Term Consultant (STC) on Climate and Environmental Policy at the World Bank, Ethiopia.
RECENT WORK EXPERIENCE	
Dates (from – to)	March 2010- June 2014
Name and address of employer	University of Twente
Type of business or sector	Academic Institution
Occupation or position held	PhD Fellow
Professional networks and webs	Dawit W Mulatu @ LinkedIn Dawit W. Mulatu @ Research gate https://www.researchgate.net/profile/Dawit_Mulatu/contributions
Award Co-author of the award-winning paper: <i>Odongo, V.O., Dawit W. Mulatu., Muthoni, F.K., Van Oel, P.R., Meins, F.M., Van der Tol, C., Skidmore, A.K., Groen, T.A., Becht, R., Onyando, J.O., Van der Veen, A., (2014), Coupling socio-economic factors and eco-hydrological processes using a cascade-modeling approach. Journal of Hydrology 518, Part A, 49-59.</i> For writing this interdisciplinary paper, we brought together a group of experts from relevant fields in order to show the links between natural and human drivers of hydrological processes. The paper was part of a special issue from the Journal of Hydrology 'Creating Partnerships between Hydrology and Social Science: A Priority for Progress'. The paper has been declared the winner of 2014 best scientific paper award of the Faculty of Geo-Information Science and Earth Observation of the University of Twente, the Netherlands.	

Environment and Climate Research Center (ECRC)/ Policy Studies Institute (PSI)
Research and Development Institute, Addis Ababa, Ethiopia
Research Fellow and Consultant, August 2014-December 2019

World Bank (WB): Short Term Consultant (STC) on Climate and Environmental Policy, as Senior Environmental Economist

Associate Editor: Climate and Development

Projects

Ethiopia Project Principal Investigator (PI) -Ecosystem Service Accounting for Development (ESaFD) project (September 2014-June 2019) (~ 1.3 million USD), funded by SIDA and Swedish EPA. (<http://www.efdinitiative.org/our-work/research-programs/esaford>)

Lead the water theme program-'ECRC-Policy Research and Impact Evaluation (PRIE) program to support the country Climate Resilient Green Economy (CRGE) initiative (January 2015- June 2018) (~1.6 million USD), funded by Norwegian Government. (<http://www.efdinitiative.org/ethiopia/about>)

Ethiopia Project Principal Investigator (PI) Research and Learning for Sustainable Intensification of Smallholder Livestock Value Chains in Burkina Faso, Ethiopia and Tanzania, (August 2016—Dec 2019, (£749780), funded by DFID. (<http://www.efdinitiative.org/our-work/projects/research-and-learning-sustainable-intensification-smallholder-livestock-value>)

Ethiopia Project Principal Investigator (PI) Impacts on Water Consumption and Welfare Effects from Appliances Selection & Pricing Policies Under an Increasing Block Pricing Structure in the Residential Sector, The Cases of San Jose and Addis Ababa (January 2017-June 2018) (\$ 78500), Funded by Environment and development (EFD) initiative. (<http://www.efdinitiative.org/our-work/projects/impacts-water-consumption-and-welfare-effects-appliances-selection-pricing>)

Project Principal Investigator (PI), Ethiopia Water Risk Assessment & Analytical Framework for Evaluating Response Strategies (June 2018-Nov 2019), (\$100000)

Main activities and role as researcher, consultant, & project and program leader:

- Develop project proposals in collaboration with local and international institutes and partners for funding,
- Facilitate and coordinate multiple project teams and engage in the establishment as well as in implementation of new projects,
- Follow the dissemination of projects outputs through research briefs, newsletter and pertinent discourses,
- Coordinate and facilitate international and national workshops/conferences to consult and to share results to potential stakeholders,
- Participate and present findings of the projects in national, global and international conferences and workshops,
- Discuss and conduct consultative meetings related to possible recommendations of the projects output with stakeholders, higher officials, decision and policy makers,
- Follow the development of policy and research briefs of the projects to conduct policy relevant communication, coordination and interactions with decision makers,
- Provide and develop timely projects status, update, and progress reports to center director, program director and funders,
- Maintain and update related to projects and programs database to improve data and knowledge repository systems,
- Identify challenges and effort to minimize those challenges for successful completion of the overall project deliverables and objectives,
- Collaborate and participate in National Learning Alliance (NLA) to discuss the projects output and result with potential stakeholders and decision makers at different institutional scales,
- Lead NLA theme related to ecosystem services, environment and livestock tradeoff,
- Follow financial and linked activities and resources of the project, and prepare complete project s close-out manual and report.

Mekelle University
Higher Institution, Mekelle, Tigray, Ethiopia
Lecturer and Researcher, November 2007- February 2010

Main activities and role as Lecturer and Researcher:

- Lecturer in development economics, natural resource and environmental economics, Research methods and econometrics courses
- Research Project member for “*Improving African Civet Farming Practice became Sustainable and Humane in Ethiopia*” for the paper call by National Agricultural Research Fund (NARF), this research proposal accepted and granted for the avail research fund from NARF Project. Mekelle University, College of Dry-Land Agriculture and Natural Resources.
- Co-Principal Investigator for the Research project on “*Survey on the Status and Economic Potential of African Civet (CivettictisCivetta) in Tigray Region, Ethiopia*” NOARD II Project, Mekelle University, College of Dry-Land Agriculture and Natural Resources.
- Review the “*Raya Valley Pressurized Irrigation Project*”, specifically on the Socio-economics, Marketing and Agricultural Planning part. Mekelle University, College of Dry-Land Agriculture and Natural Resources.
- Project preparation for Research and Consultancy Services, Collaboration between Mekelle University and Western-Zone of Tigray (Hummera) area under research thematic area “*Natural Resource Depletion and Decline in Crop Productivity*”.
- Expansion project preparation for Irish-Aid support for the joint “*MSc Rural Development Program*” between Mekelle, Hawassa and Haramaya University in collaboration with University College of Cork (UCC), Ireland

Commercial Bank of Ethiopia

Government Financial Institute, Addis Ababa, Ethiopia

Bank Officer, February 1998- November 2005

Main activities and role as Bank Officer:

- Prepare loan contracts, loan cards, guarantors, mortgagor’s insurance tickets, and insurance declaration forms and files them. Sends and follow contracts and security documents to concerned registration and other offices.
- Receives Letter of credit applications and record particulars in registrations; scrutinizes applications and makes the necessary computations and follow up.
- Prepare necessary documents for purchase and/or sale of foreign currency, claims and internal tickets for sale and purchase of traveler’s cheques. Ensure and follow loan contracts and signed properly and registered by municipality. And reconciles branch accounts and loan repayment follow up.
- Arranges renewal of policies with the insurance corporation. Prepares statistical reports and monthly returns regarding foreign and local banking transactions. And prepare monthly loan schedules and statistical reports.
